**NOTES:**

1. A student needs to average 15 credit hours per semester to graduate in 8 semesters (120 credit hours).
2. Many students reduce their academic-year credits by taking classes in summer. However, it is difficult to get equivalent credit for major course work at other campuses or colleges. A few RPTS courses, usually required core classes, are offered each summer at IUB, usually in the early part (1st 4- or 1st 6-weeks).
3. Unless otherwise noted, courses may be taken either semester.
4. Prior to registering for the professional internship (R497), students must document 320 Hours of practical experience in the leisure industry, for approval by their major’s faculty coordinator. Deadlines for approval of the 320 Hours requirement:
   - For a fall internship: 1 July
   - For a spring internship: 1 November
   - For a summer internship: 1 April
5. The internship (R497) may be taken any term following completion of the required prerequisite courses (R110, R312, and T410) and the 320 Hours. Students commonly complete it during the summer, often following the fourth year. Students completing degree requirements in summer may participate in the May commencement ceremony.

Tourism, Hospitality, and Event Management

Students in this major prepare to enter the world's largest and most diverse industry. Tourism is the business of attracting and catering to the needs and expectations of visitors. Students focus on the marketing and management of tourist facilities and destinations; the delivery of hospitality services in food and lodging; and the management of events from conferences to festivals to social and corporate events—all with a common ground of sustainability. Due to its global significance, tourism often involves practices in the international arena, so the program encourages students to explore a multicultural learning landscape.

Career possibilities include:

- Commercial settings, which offer positions in meeting planning, special event planning, adventure travel, hospitality, resort services, conference services, and theme park group coordination
- Military recreation, which supports 250,000 full-time employees with 10,000,000 users at 900 locations within the United States and 350 overseas locations. Positions within travel services are available on all types of military bases - Air Force, Army, Navy and Marine
- Cities and states, which offer opportunities within visitor and convention bureaus
- States, which offer positions in visitor marketing and research divisions, as well as university conference bureaus

In fall 2000, Newsweek predicted that 50 percent of American jobs will be in leisure and tourism by 2050. The Occupational Outlook Handbook refers to the job outlook in recreation as above average. A recent post in Yahoo, based on the 2013 Hard Times report by Georgetown University’s Center on Education and the Workforce, listed Recreation and Hospitality as two of seven majors that have the lowest unemployment rates.
